

SNOHOMISH FARMERS MARKET
THURSDAYS | MAY-SEPT
3PM – 7PM
COVID-19 ADDENDUM FOR 2021 MARKET OPERATIONS

In order to help slow the spread of COVID-19 cases in Washington State and ensure that hospital and medical systems are not overwhelmed, the Snohomish Farmers Market Association and Snohomish Farmers Market (SFM) will work closely with the Snohomish Health District (SHD) to take necessary steps to protect public health. In this rapidly changing situation, it is important for SFM and vendors to be in constant communication and understand the requirements and any changes as they happen. Changes will be communicated as far in advance as possible but may occur as late as Market day.

As an essential business, farmers can play an important role in protecting Market staff, volunteers, vendors, and shoppers from COVID-19 by following these recommended personal and environmental hygiene practices.

The SFM will be returning to its original home at Cedar & Pearl in the Historic Downtown Snohomish district. After lengthy Board discussion, our set-up will go back to normal with booths NOT being spaced apart. We will require ALL vendors to have at least 1 side-wall up to create a barrier in between their booth and their neighbor's booth. We will do our best at this location to have specific protocols for entry/exit, booth assignments, spaces allowed, and set-up/tear down that will be communicated with all vendors prior to opening day.

Some requirements for the 2021 SFM season may include, but are not limited to:

1. Masks may be required for all Market staff, vendors, and shoppers in accordance with orders from the Washington State Secretary of Health.
2. SFM will apply the social distancing recommendations to any lines that form inside or outside of the Market; vendors are responsible for maintaining social distancing at their booths and in any lines that form for their booths. If you are a vendor with high-volume traffic, you may be required to utilize spacing tools for lines. If you are unable to meet these requirements, you may lose your selling privileges at SFM.
3. No self-service of foods; only vendors may handle food products and bags for shoppers.
4. No product sampling until further notice. *Exceptions are take-away sealed samples.
5. Vendors must continuously clean and sanitize commonly touched surfaces and meet the environmental cleaning guidelines set by the Centers for Disease Control and have a hand-wash station inside each vendor booth at all times.
6. SFM will conduct routine checks for symptoms of illness for Market staff, volunteers, and vendors. Vendors must stay home when they are sick. If a vendor arrives at SFM exhibiting symptoms they will not be allowed to sell at SFM that day.
7. Vendors will prominently display any signage provided to them by SFM as required.

You are responsible for knowledge of and compliance with all COVID-19 requirements that apply to your vendor operations at SFM, whether or not a requirement is listed on this sheet. If you are unable or unwilling to comply with any applicable requirement, you will not be allowed to vend at SFM.

If you are in a high-risk category for coronavirus - people with underlying health conditions, people 60 or older, those with weakened immune systems or those who are pregnant - consider staying home until the risk of COVID-19 has passed.

The Governor's 'Healthy Washington – Roadmap to Recovery' proclamation requires employers in ANY county (in non-healthcare settings) to notify SHD "within 24 hours" if they suspect COVID-19 is spreading in their workplace, or if there are two or more confirmed or suspected cases among their employees in a 14- day period.
